- If a valid certificate is not submitted by the end of the fourth semester (the final submission date for the certificate is the end date of classes as specified in the general academic calendar determined by the University each year), their registration will be canceled by a decision of the administrative board of the unit to which they belong, without any prior notification.
- ☑ Archiving and return of original documents required for registration for students currently enrolled at the University and those registering for the first time:
 - For students completing final registration at the University, a copy of the original documents they submit during final registration is archived electronically, and the original documents are returned to the student upon signature.
 - The original documents submitted by students already enrolled at the University for final registration are archived electronically. Upon request, the original documents are returned to the student or to a representative specifically authorized by a notary- certified power of attorney, in exchange for a signature.
- ☑ Ondokuz Mayıs University reserves the right to make changes to the dates announced in the international student admission process, application and preference conditions, registration procedures, documents required for final registration, tuition fees, and all other conditions and guidelines as published. Decisions made in this regard and related notifications will be announced via the Ondokuz Mayıs University website. Announcements published on the website shall serve as official notification for applicants, and no individual notifications will be sent.
